Venue	The charming storefront housed on historic Easton’s Federal Street features a bright interior, evoking a vintage apothecary shop through a contemporary lens – with wondrous walls of white subway tile, glass-fronted cabinets filled with sweetly packaged honey products, a cushioned perch in a sunny bay window, steel café tables and seating, and a gallery wall of colorful vintage botanical-and-bee prints. Taking center stage behind the counter of this organic-touting, cleanse-promoting hot spot is the state-of-the-art Norwalk Model 280, which extracts the supremely fresh juices for customers to enjoy in house, or as a quick grab-and-go.
Menu + Beverages	Made from the freshest produce, sourced from local farms and purveyors whenever possible, the beverage establishment serves healthful gourmet <i>Juices</i> , satisfying <i>Smoothies</i> , nutrient-rich <i>Bowls</i> of spoon-able goodness, and <i>Artisan Honey</i> . Ingredients such as <i>Nut Milks</i> and <i>Granola</i> are produced in house. Lively signature blends range from the <i>Queen Bee</i> , a refreshing and wholesome concoction of <i>Carrot</i> , <i>Green Apple</i> , <i>Cucumber</i> , <i>Lemon</i> , and <i>Ginger</i> , to the <i>Nurse Bee</i> , a slightly spicy and medicinal marriage of <i>Celery</i> ,

Pineapple, Coconut Water, Jalapeño, Cilantro, and Lime. For the quickest pick-me-up, guests turn to the short-list of alimentary shots, such as the *Stinger*, a petite but potent serving of *Ginger, Lemon, and Cayenne*, or the *Candy Plug*, a delicate dose of *Wheat Grass, Apples, Oranges, Honey, and Cinnamon*. Bone broth is one of those easy, healing foods that was commonplace in our great grandparents' day, and now, the hot, nourishing liquid is once again at the forefront of the health-and-wellness movement. Executive chef Harley Peet also shares a delectable trio of bone broths - delicious on their own as a beverage.
