*CBS "The Talk" Names Chef David Guas One of its' "12 Hottest Celeb Chefs"*

In August 2015, CBS **"The Talk"** blasted out a selective list of the **"12 Hottest Celeb Chefs"** who have made personal appearances on the show and have prepared the craftiest of dishes that are nothing short of ecstasy. The CBS execs were swooned by New Orleans native **David Guas'** vibrant personality, infectious charisma and that certain *joie de vivre*, which landed him fifth on the list. Guas, who is the chef and owner of **Bayou Bakery, Coffee Bar & Eatery** in Arlington, Virginia and Washington, DC, is no stranger to TV as the host of Travel Channel's "American Grilled," and a frequent guest on NBC's "TODAY Show."

Look for him LIVE on "The Talk" on **Thursday, October 22, 2015** where he'll satiate the tummies of his lady hosts with tailgating fare that one could never go hungry with – or you may want to avoid if you're on a diet!
