

Last Call

Take a Dive into Last Call!

National Dive Bar Day on Thursday July 7, 2022 Calls for a Custom Tattoo, Shotgun-a-Beer Contest, and Shot-Ski Contest

True to its name, **Last Call Bar [Washington, DC]** pays tribute to the unglamorous, eclectic, old-style bars with inexpensive drinks, dim lighting, shabby or dated decor, neon beer signs, and a local clientele. This is where the hardcore trailblazers of the night imbibe into the wee hours. Owner and master of mixology, **Gina Chersevani**, has a winning streak going on with bragging rights, following a slam dunk on **Guys Grocery's Games** this past November. And now, Chersevani is giving the chance for bar goers drinking on **National Dive Bar Day, Thursday, July 7, 2022**, to win a custom, **Last Call Tattoo** from the acclaimed **District Tattoo** and to celebrate with **Drinking Games** and **Happy Hour Drink Specials!**

In partnership with the highly-sought after **District Tattoo Company**, a vegan-ink tattoo has been developed – with a design including Last Call Bar. One lucky winner of the social media competition will win the chance to receive this one-of-a-kind tattoo and will have **FREE BEER for LIFE** at Last Call Bar! To enter, gotta follow @lastcallbardc on Instagram - for rules and regulations.

A boozy blast of beverages will flow during **Happy Hour [7PM-9PM]** with drinks from the talented team, led by head bartender **Rachel Sergi**. Raise a celebratory glass filled with festive party pours like **Mind Erasers, Kamikazes**, and **Rumplemintz**. And, lucky winners of the **Shotgun-a-Beer Contest** and the **Shot-Ski Contest** will take home a slew of special prizes! A **Jell-O Shot Extravaganza** will continue through closing - so you can keep dancing from dusk to dawn!

Since opening in 2019, Last Call Bar has quickly become a beloved and welcoming neighborhood hangout with hop-forward beers, frozen libations, and playful riffs on cocktail classics!
