Menu	Casual and cool, funky and fun, this is the place for straight-up Gulf seafood. Red Fish Grill relies on local farmers and fishermen to provide its kitchen with the freshest possible seasonal bounty for the raw bar and the New Orleans classics on the menu, as well as his more exotic creations. Have your <i>Oysters</i> freshly shucked, flash fried, and tossed in a <i>Crystal BBQ</i> sauce with house made <i>Blue Cheese Dressing</i> on the side, or simply glistening on the half shell. Order your <i>Shrimp Jumbo Grilled, Ginger Glazed,</i> or with <i>Creamy Stone-Ground Grits and Créole Sauce.</i> The

signature *Wood Grilled Redfish* is served on the half-shell, with *Tasso Ham* and *Roasted Mushroom*, *Pontalba Potatoes*, topped with sautéed *Louisiana Jumbo Lump Crabmeat* and a *Lemon Butter Sauce*.

Venue	Bare tables, a cement floor, and exposed brick form the industrial chic backdrop for the colorful décor commissioned of local artist Luis Colmenares, who has embellished just about every surface of the main dining room and bar with sea creatures: giant pearl-bearing oyster sculptures preside over the oyster bar; a monumental red fish defines the predominant wall; scores of painted metal fish swim overhead – and an octopus clings to a pendant light. Smaller private rooms depart from the theme, but are no less vibrant, painted in cheery mustard yellow.
Private Dining	Red Fish Grill features three private dining areas perfect for private lunch, dinners, meetings, & receptions. Red Fish Grill can accommodate 250 people for full-service dining and 500 people for cocktail receptions.
