WASHINGTON, D.C.

The Cool Off Corner Featuring Boozy Freeze Pops
BOURBON STEAK Launches New Summer Cocktails for Patio Sipping

Childhood nostalgia is making its way to the **BOURBON STEAK** patio with a stylish over twenty-one twist. Nothing is more reminiscent of a sunny, summer afternoon than an ice cream truck with frozen treats, or fresh freeze-y pops to cool down with on a hot day. Now Washingtonians can experience this summer indulgence all over again, with **BOURBON STEAK's Boozy Freeze Pops**. These delicious delights are served from a custom cooler, hand delivered by a sharp dressed server for al fresco imbibing.

The **Boozy Freeze Pops** come in three distinctly decadent flavors and feature different carefully curated liquors. The **Tropical** pays tribute to the Piña Colada in frozen pop form with *Rum, Coconut, Pineapple* and *Lemon Juice*. True to its name, the **Blue** flavor features *Blue Curacao, Rujero Singrini Brandy, White Grape,* and *Lime Juice* transporting patrons to an island getaway. Finally, the **Pink** flavor is intoxicatingly inviting, and a completely Instagram-worthy combination of *Watermelon Vodka, Aeporol,* and *Lemon Juice*. Guests can order pops a la carte, and the cooler will circulate the patio for popsicle service, with servers cutting the tips off table-side.

In addition to the kid-at-heart **Boozy Freeze Pops**, **BOURBON STEAK** has also rolled out new scintillating summer cocktails. The menu focuses on refreshingly light and citrus flavors, with many mixes featuring the **House-Aged Sagamore Spirit Rye**. Journeying to Baltimore, MD, home of the Sagamore distillery, **BOURBON STEAK** worked in collaboration to create a custom Rye to heighten guests' spirits experience. The **Justify 143**, which calls on Baltimore horse racing traditions, features the *Sagamore Rye* with a timely *Blackberry Syrup, Malmsey Madeira,* and *Lemon Juice*. For a sophisticated, sweet and spicy take on another summer favorite, the playfully named **Xtra Smedium** features *Plymouth Gin,* and *Watermelon Syrup,* paired with *Lime Juice* and *Lime Cordial,* floating with a *Watermelon Ice Cube* and *Basil Leaves*.

Patio season is in full swing, and **BOURBON STEAK** is the best place to unwind, unpour, and relax!

BOURBON STEAK's Boozy Freeze Pops are now available on the patio, and are \$9 each. Flavors of the freeze pops are subject to change. The summer cocktail menu is now available in the lounge and on the patio.
